

PROTEKTO-COAT® 1164

HI-PERFORMANCE COATING

Haps-Free, Low VOC, Fast Dry, Water-Based External Pipe Coating (Clear)

PRODUCT DESCRIPTION

1164 Hi-Performance Coating is a clear, HAPS-free pipe coating formulated to provide excellent temporary protective coating to external tubular surfaces while pipe is in storage. 1164 Hi-Performance Coating is the result of the latest waterborne coatings technology. This environmentally friendly, fast drying water-base coating provides low VOC emissions and exhibits good adhesion to steel surfaces. 1164 Hi-Performance Coating provides a glossy finished coating, which results in a long lasting protection against corrosion. 1164 Hi-Performance Coating has excellent impact resistance while providing excellent surface penetration. 1164 Hi-Performance Coating is manufactured using biodegradable materials.

TYPICAL OBSERVATIONS

Table with 2 columns: Property and Value. Properties include Color, Type Coating, Type Basin Resin, pH, Gloss, Drying Time, Density, Specific Gravity, Viscosity, Flash Point, VOC, and Shelf Life.

BENEFITS

- HAPS-free
- Clear durable film
- Water-based
- Exhibits good adhesion to steel surfaces
- Low VOC
- Long lasting protection against rust and corrosion
- Environmentally friendly
