PREMIUM CUTTING OILS

PRODUCT DESCRIPTION

GX® Premium Cutting Oils are sulfonated fluids that provide fast cooling and cutting capabilities to meet a wide range of anti-weld and lubrication requirements. GX® Premium Cutting Oils provide excellent cooling of cutting tools, thus reducing heat generation and extending tool life. GX® Premium Cutting Oils contain a combination of additives to provide moderate to severe service for fast and smooth metal removal, better surface finish, consistency, and long tool life. GX® Premium Cutting Oils prevent rust, corrosion, and oxidation to finished metal surfaces.

BENEFITS

- Provides fast cooling
Extends tool life
Provides better surface finish
Prevents rust, corrosion, and oxidation
Available in three grades

APPLICATION

GX® Premium Cutting Oils are for straight application.

822 GX® Premium Cutting Oil (General Purpose) may be used for grinding and turning of soft metals such as copper and aluminum or easy machine oils. It is light in color.

824 GX® Premium Cutting Oil (Medium/Heavy-Duty) may be used for grinding, turning, milling, boring, reaming, and drilling. It is a tri-purpose oil for both ferrous and nonferrous metals and on hydraulic systems.

828 GX® Premium Cutting Oil (Heavy-Duty) may be used for grinding, turning, milling, boring, reaming, drilling, tapping, and broaching on heavy metals like stainless steel.
