PRODUCT DESCRIPTION

692 Parts Washer Solvent is an excellent solvent for use in automatic recirculating units. The pleasant citrus odor makes it a pleasure for use in all shops. 692 Parts Washer Solvent is formulated for effective removal of most petroleum base oils, which are commonly found in most shops.

692 Parts Washer Solvent is not soluble in water. It is lighter than water, so water may be added to trap particles in the bottom of solvent tanks, filtered, and reused for long periods of time. 692 Parts Washer Solvent is very economical to use.

BENEFITS

- Rapidly penetrates oil
- Leaves no residue
